COURSE BENEFITS

These courses give your entering, emerging, and developing ELLs the targeted support they need to accelerate their English-language acquisition while they make progress toward successfully mastering state standards to achieve college and career readiness. With these courses, districts can scale the way they support ELLs with a combination of in person or virtual instruction.

Newcomer Course

23 lessons that facilitate the introduction of basic vocabulary and sentence structure necessary for beginning English language learners

Learning Modalities

Students will encounter activities that support all four modalities of language learning: listening, speaking, reading, and writing.

Level One Course

32 lessons built using multi-genre, multicultural reading selections with Lexile® measures
